FIRST THING'S FIRST..

Entering the penthouse

We're located on the top floor of the building. Entering the archway, you'll find a Lock Master with the keys to your getaway inside. Please enter the code from your welcome email to unlock the keys. We promise it's easy.. and not the first challenge of an escape room! When you've taken the keys out, please re-shuffle the numbers. We do change them, however we want to ensure they aren't left on the active code at any time.

AND... RELAX!

Make yourself at home

We want our guests to feel comfortable and at home during their stay here. We have a few house rules that we kindly ask our guests to follow to ensure the safety and well-being of our property and guests.

We ask that guests respect the apartment and its contents and leave it in the same condition as when they arrived. We also request that guests keep noise levels to a minimum, especially after 10pm to ensure a peaceful stay for all our guests.
